AGUM

Topic: Refugee Journey, Refugee Settlement Experience, Human Trafficking and Homelessness.

Agum will share with the audience the joys and challenges of refugee settlement, with incredible resilience and hope. 'I want to show young girls who have gone through the same experiences as me, that we all carry an incredible resilience inside - we can be independent and have our voices heard!'

ISAIAH

Topic: Refugee Journey, Refugee Settlement Experience and Racism

The greatest thing in the world for social justice advocate and former refugee Isaiah Lahai is not prosperity. It is legacy. 'No matter how prosperous one is, when you die, you will only be remembered for a little while. Thereafter, people will forget about you. But when you sow a seed into someone's life, that seed will live forever', he said.
